

COVID-19 Update from your FCP Live-In Team

To Our Friends, Families, Clients and Employees,

We have been monitoring the news of coronavirus (COVID-19) carefully. The recent spike in Covid-19 cases has caused us to again take pause and reflect on how best to handle this challenging situation proactively.

We are here for you. We realize that this is a difficult and unpredictable time, one that calls for us all to work together. Our goal prioritizes you, our clients & families, our staff and our community. Your well-being is of utmost importance to us.

Safe at Home. To promote the healthiest environment possible, **we are requesting that caregivers currently supporting clients at home remain safely in place.**

Screening. All caregivers being placed with clients will be educated to **FCP's Standard Precautions Policy** and screened using the following four universal questions:

1. Have you traveled to or from a known COVID-19 hotspot within the last 14 days?
2. Have you been in contact with a person known to have COVID-19?
3. Have you been in contact with someone who has traveled to or from a known COVID-19 hotspot?
4. Do you have any flu-like symptoms, including fever, cough and/or shortness of breath?

Covid-19 Testing. Beginning 11/18/20 all caregivers returning to a client's home will be required to present a negative Covid-19 test. All new clients will be required to present a negative Covid-19 test prior to the start of services and existing clients admitted to a healthcare facility need a negative Covid-19 test to resume services.

Supporting each other. FCP Live-In will provide PPE to our caregivers and caregivers will be required to follow standard precautions to prevent the spread of infection. **We ask families to please practice social distancing and wear a face covering when visiting.** Together we can keep each other safe.

We will continue to update you as the situation evolves. We greatly appreciate your continued support, care, and compassion during this time. For more information go to the CDC website: www.cdc.gov

For any questions, concerns or if you'd like to speak with me directly, please email David.Anthony@fcplivein.com.

Sincerely,
David Anthony, CEO FCP Live-In
