

See What FCP Live-In Care Can Do For You!

- Live-in caregivers matched to care needs and preferences.
- Proper care communication and follow-up support to reduce readmission.
- Seamless transition of care from hospital or rehab, to home.
- Reliable, responsive, and experienced coordinated care 24/7.
- Peace of mind that a safe care plan is followed post-discharge.
- Compliance post-discharge: assist with exercises, medication reminders, healthy lifestyle choices.
